I'm from Sydney, Australia. My parents live there, and I have a sister who lives in London. <sup>(1)</sup> She has been studying at a college there for three years. <sup>(2)</sup> We live in different countries, but we sometimes talk on the internet. <sup>(3)</sup> We can easily talk with people living in different countries on the internet. If we didn't have the internet, I would miss my family a lot. Last week, I asked my parents what I should do in the future. <sup>(4)</sup> They said it was important for me to have a lot of experiences. Do you want to visit foreign countries? If you come to Sydney, let me show you around the city.
